## Dymytry on the Autumn MetalGate Tour

**23.10.2011** – The Prague based metal band Dymytry launched in the past weeks its autumn tour, supported by MetalGate and Death Magnetic rock club, with upcoming shows including Dvůr Králové, Domažlice, České Budějovice, Jihlava or Plzeň. The band furthermore announces an unusual contest.

As a special and spontaneous surprise, Dymytry prepared for its fans an event, which can be called: **Come wearing a mask and get a poster and an autograph card.**

The band vocalist Jan “Protheus” Macků elaborates on how this idea came to be.

„During the Rožmitál show we came across a pleasant surprise, as a group of ultrafans painted our masks on their metal cheeks. We found this idea indeed appealing and thus we announced a contest in a sense that

**whoever comes to our show in a mask, similar to ours as much as possible, shall get in our merch stand a poster and an autograph card, of course with signatures of all band members**”, Protheus explains.

Let us point out that even this year, Dymytry are having a successful season. Already during this summer, the band released its new single **Jsem nadšenej** and their shows are marked by packed venues and ecstatic fans. Their latest CD “Neser”, released last year under MetalGate Records, is also still in high demand.

During the summer, Dymytry again appeared on festivals **Masters of Rock** or **Benátská noc**.
