## **Gorgoroth European Tour 2010 – Northern Darkness once again over Europe**

After the October excursion into the depths of the Inferno orchestrated by the Watain of Sweden, MetalGate proudly presents yet another blasphemous evening. **In November 2011, one of the icons of Norwegian black metal, GORGOROTH, shall embark on the second leg of its European tour dedicated to the latest album “Quantos Possunt ad Satanitatem Trahunt”, this time to cover those parts of Europe that were left out during the first leg in April.**

**The whole second leg shall thereby be launched in Prague on Saturday 20.11.2011 within the grounds of Meet Factory in Prague Smíchov, the founder of which is the acclaimed and controversial artist David Černý.**

Gorgoroth themselves are very pleased by the opportunity to desecrate even greater part of the Old Continent, and declare the following for all to hear: “Fear our return!”

**For the whole tour, Gorgoroth shall be supported by twin black metal bands, the CAVUS of Finland, presenting their latest album “Fester and Putrefy”, and NOCTEM of Spain with their creation entitled “Divinity”.**

The Czech tour stop **shall also host a trinity of local emissaries of extreme metal styles.** The Prague scene shall be represented by **black-electronica project GORGONEA PRIMA**, from Pilsen comes the **pagan black band TROLLECH**, and finally we shall welcome the **death metal destruction TORTHARRY** from Hronov that supported Gorgoroth during the South American tour in 2007.

**This bestial conclave shall convene at 17:30. The entrance fee is 350 CZK on site, 250 CZK at presale. The presale at Ticketstream network.**
