

## **MetalGate Czech Death Fest 2013 – news for the festival's kitchen**

On **Friday, June 14**, and **Saturday, June 15**, 2013, the already traditional venue of **Autocamp Brodský** in **Červený Kostelec** shall host the **fifth anniversary installment** of the Czech metal feast **MetalGate Czech Death Fest**, the last installment of which was **awarded the third place in the Břítva 2012 Awards**, in the Concert of the year category!

As you may have noticed, the festival roster **finally has both its headliners**. After the unfortunate cancellation of Equilibrium, we managed to get a far more than adequate replacement, that is, the Swiss black-industrial mages **SAMAEL**, appearing in the prime time of festival's day one, who thus join the German thrash metal legend **DESTRUCTION** that presides over the Saturday program.

We are currently working to provide once again with **meet & greet opportunities pertaining to both festival headliners**.

The festival bill now also contains the **winner of the fourth installment** of metal bands contest **MetalGate Massacre**, that is, the rock-metal band **NOBODY KNOWS** from Liberec that shall appear in the Saturday line-up.

The dramaturgy, containing 30 bands both Czech and foreign, is thus complete. Beside the aforementioned acts, you can look forward to **itSELF** from Brazil, **CAPTAIN CLEANOFF** from Australia or the German dark heralds **CTULU**. The Czech scene contributes with **DEBUSTROL**, **ATARI TERROR**, **INSANIA**, **TORTHARRY**, **LOCOMOTIVE**, **FDK**, **MINORITY SOUND**, **INGROWING** or **PANYCHIDA**.

If you are following the festival website or the FB profile of MetalGate Czech Death Fest, you are no doubt aware of the **comic series** mapping the history of this festival. Though the series is rapidly coming to its close, know that if you enjoyed it, **we plan to publish it as hard copy**, ideally so that it is **available on the fifth MG CDF as part of the festival merchandise!**

Furthermore, you can look forward to the gorgeous site of Camp Brodský with all its facilities, as well to the various **special beers** supplied by our partner brewery **Primátor**.

**The festival presale** is in full swing, with tickets currently available for **590 CZK/24 Euro** in the Tortharry shop, MetalGate e-shop, and in the presale networks Ticketstream and Ticketportal.
