

MetalGate Czech Death Fest 2014 – The Czech metal feast is back!

For the **sixth time already**, bringing once again a **quality line-up**, but also **several novelties**. First and foremost, **for the first time** in the festival history, **our commotion shall take place** not on the space of two, but **three days!** **MetalGate Czech Death Fest vol.6** shall then kick off on **Thursday, June 12, 2014**, and shall run all the way to **Saturday, June 15, 2014**, once again in the usual picturesque venue of **Autocamp Brodský in Červený Kostelec**.

The second novelty that we set up to further expand and improve on-site facilities, is the **festival chill-out zone**, which will open after performances of each day are done and will be opened until the production begins once again, or for as long as you are able to stay on your feet.

As far as the roster goes, our festival already has its **headliners**, namely the Greek dark mystics **SEPTICFLESH**, presiding over the Friday prime time, and the British grindcore cult **LOCK UP**, who will appear during Saturday line-up.

Same as last year, our festival will include **further foreign guests**, specifically, two Polish death metal warbands **NUCLEAR VOMIT** and **OGOTAY**.

The rest of the bill belongs traditionally to a quality selection from Czech and Slovak metal scene, featuring names such as **MALIGNANT TUMOUR, ROOT, ISACAARUM**, of course not to mention **TORTHARRY, SIX DEGREES OF SEPARATION, FORGOTTEN SILENCE, CONTRASTIC, FLESHLESS, GUTALAX, RETURN TO INNOCENCE, PERFECITIZEN, AWRIZIS, POSTCARDS FROM ARKHAM, SHADOW AREA, ASCENDANCY, DYSANGELIUM, HECATE** from Slovakia, **ANTIGOD, NAHUM, PRIMARY RESISTANCE, UNBORN, 7 SINS OF SURVIVING, CUTTERED FLESH, EARDELETE, or WARHAWK**.

Genre-wise, once again a **diverse music menu** that has something for fans of extreme metal styles, as well as of the more melodic ones, or even of modern metal forms.

Since however, MetalGate Czech Death Fest is tied not only to great music, but also to excellent ale, it is apt to mention a **unique contest**, prepared with our **partner brewery Primátor**, the point of which is **collecting stamps on selected metal gigs** throughout the

year, and **the number you collect translates to the number of free beers you get** on the festival, whereby you can make your stay with us all the more pleasant.

The festival presale is in full swing, so if you are still missing tickets, head either to **MetalGate e-shop** or to **Tortharry shop** to get yours. The current ticket price is **600 CZK/22 Euro**, with approx. 100 tickets remaining from this emission, so **do not hesitate!**
