

MetalGate Czech Death Fest 2015 – the seventh act of the same drama

The summer is slowly but surely coming and with it the **next installment** of your favorite Czech metal feast, **MetalGate Czech Death Fest**, which will cover once again **three days of June**, that is, **from June 11 to June 13, 2015**, taking place at the usual crimescene, that is, in the **Autocamp Brodský in Červený Kostelec**, and featuring a roster of **34 bands**.

Given that MetalGate Czech Death Fest is in fact a fusion of two festivals, which entails a synthesis of two lines of dramaturgy, you can once again forget any monothematic focus music-wise. The seventh installment shall have not two but **three headliners**, specifically, the German death metal veterans **MORGOTH**, the Italian dark metal virtuosos **GRAVEWORM** and the German thrash-death metal killers **DEW-SCENTED**.

However, that is not all as far as foreign guests go. The upcoming MG CDF shall also feature a tandem of Dutch bands: on one hand the masters of symphonic black metal **CARACH ANGREN**, on the other hand, the brutal death metal warmachine **HOUWITSER**. On top of that, from Greece comes the latest addition to the ranks of the Hellenic black metal legions, **LUCIFER'S CHILD**, wherein George Emmanuel, the guitarist of Rotting Christ is involved. Additionally, you can look forward to the Austrian thrash-death metal icon **DARKFALL** or to the Polish reapers **OFFENCE**.

Of course, bands from the local Czech metal scene shall come in plentiful numbers, including elite acts such as **ADOR DORATH**, **AGGRESSIVE TYRANTS**, co-organizers **TORTHARRY**, **KRYPTOR**, **AVENGER** or **POPPY SEED GRINDER**. A contingent from the ranks of MetalGate Records, featuring **LIVEEVIL**, **F.O.B.**, **MINORITY SOUND**, **KEEP ON ROTTING**, **CRUADALACH** and **SECRET OF DARKNESS**, shall also be present. Further additions consist of **MEAN MESSIAH**, **DIPHTERIA**, **LLYR**, **STREETMACHINE**, **HEAVING EARTH**, **EXORCIZPHOBIA**, **MORGUE SON**, **CAPTURE OR KILL**, **BORN AGAIN**, **AMOK** and **DEAD CARNAGE**.

A trinity from the Slovak metal scene, consisting of **DOOMAS**, **REVENGE DIVISION** and **HECATE**, shall not be missing as well.

In other news: the festival presale is in full swing. **Tickets** from the third emission for **25 Euro** are available **on MetalGate e-shop**, in the **Tortharry shop** with discounts and further bonuses, or **in the offices of MetalGate in Prague**. In the near future, additional presale via the **Ticketstream** and **Ticketportal** networks shall also be launched.
