MetalGate Season Enclosure 2013 – celebrating five years of MetalGate!

After one year break, the otherwise traditional gig **MetalGate Season Enclosure**, which concludes our main concert season, shall return on **Saturday, October 5, 2013**, in Prague based **Storm Club** (former Matrix). This year's act shall however have an **added dimension** in the sense that 2013 is the year that **MetalGate holds five years** of its existence, thus making Season Enclosure also a **celebration of this anniversary**.

The music side of this gig rests on **five bands** from the ranks of MetalGate Records, representing recent and upcoming releases of our label, spearheaded by metal-soul virtuosos **SIX DEGREES OF SEPARATION** and the grind-black perversion **ISACAARUM**, both currently preparing their respective new albums, which we shall release in September and December 2013.

Also joining the roster is the rampaging doom-death melancholy of the resurrected **RETURN TO INNOCENCE**, with official **release show pertaining to their brand new album "The Ring of Moon"**!

Last, but not least, you can look forward to the young blood of Czech metal, the crossover-post hardcore band **AREA CORE**, bringing its current release "The End Is Near", as well as to the good old experimentalists **ABSTRACT ESSENCE**, presenting their symphonic metal opus "Love Enough".

As part of the celebrations, we also prepared for you a **special treat**, that is, a **compilation entitled "Out of Infancy"**, which encapsulates the activities of **MetalGate Records** thus far, meaning that what awaits you is a **diverse mosaic of metal styles** featuring Kryptor, Tortharry, Dymytry, Abstract Essence, Liveevil, Minority Sound, Secret of Darkness, F.O.B., Suffocate With Your Fame, Genuine Relief and Dementor. This unique metal compendium shall be available precisely on MetalGate Season Enclosure 2013!

We begin at 19:00. Doors at 18:00. Entrance fee 200 CZK.

Come celebrate with us our anniversary. See you there!
