

METALGATE

MetalGate Season Enclosure 2015 – Brno edition!

Setting aside the last two Břitva Awards ceremonies, it has been four years since MetalGate last organized a gig in Brno. To remedy this fact, **in Fall MetalGate shall return to Brno with its traditional autumn gig MetalGate Season Enclosure**, which will take place on **Friday, November 6, 2015, in Melodka!**

And there is plenty to look forward to, for **the line-up we prepared is worthy indeed**. At its forefront stand the **German epic melodic death metal warriors NOTHGARD**, bringing with them their current album “Age of Pandora”. Coincidentally, it has also been four years since our show last hosted NOTHGARD, so if you are a veteran of our gigs, you can compare how this warband evolved in the time passed.

On top of that, we add a **trinity of our stable bands**.

Be ready then to enjoy **the folkcore tribe CRUADALACH**, whose traditionally unforgettable and energetic show will cover the latest album “Rebel Against Me”, also the **symphonic metal veterans RETURN TO INNOCENCE**, who currently begin preparations of the successor to their “The Ring of Moon” piece, and last but not least the **melodic blackened death metal** in the Scandinavian vein brought to you by the pack **SECRET OF DARKNESS**, who are presenting their current creation entitled “Neotericus Universum”.

Needles to say that **all fans of heavy riffs, melodic interludes and epic compositions will have a field day**.

Thus, do not hesitate, **join us and let's make hell** in the last leg of autumn!

The kick-off is at 19:30; doors at 19:00. Entrance fee is 200 CZK on site; 150 CZK in presale on MetalGate e-shop and in the Indies store in Brno.

See you there!
