

METALGATE

25 years of death metal in and around Hronov

Quarter of a century is a notable milestone for any band, and precisely **such an anniversary was reached this year by the Czech death metal icon TORTHARRY**, the history of which **started in 1991**. And has been indeed rich on events: **three demos, eight studio albums**, inclusion on several compilations and tribute albums, **South American tour** and countless other shows on Czech and foreign stages, and **co-organization** of the increasingly popular Czech metal feast **MetalGate Czech Death Fest**.

Such an eventful past call for a heluva celebration! It will proceed on **two fronts**.

The first is the **label front**, on which **MetalGate Records is preparing a re-edition of the complete TORTHARRY discography**, entitled **“25 let mezi nebem a peklem”** (25 years between Heaven and Hell), and if we say complete, we mean complete. For it will contain not only **all the studio albums**, i.e., **“When The Memories Are Free”** (1994), **“Book of Dreams”** (1997), **“Unseen”** (1999), **“White”** (2003), **“Reborn”** (2006), **“Round Table Of Suicide”** (2008), **“Beneath”** (2010) and **“Follow”** (2013), but also **all the demos**, i.e., **“Mezi nebem a peklem”** (1991), **“Flames of Eternity”** (1992) and **“Incriminated”** (1993). And on top of that, the re-edition will also contain **as a special bonus the fourth demo** from a time when TORTHARRY were not yet called TORTHARRY but **EXECUTOR**. This demo has **never been officially released**, so it shall have its premiere.

Get ready then for **10 CDs packed with death metal** to the roof, so to speak, in a **special digipak**, the art of which was taken care of by **Jaromír “Deather” Bezruč** and **Martin “Hadgi” Stoklosinski**. Said digipak shall also contain a **brochure with rare photos from the band archive**. All that makes it a no-brainer for TORTHARRY fans and collectors alike. **Out December 17, 2016!**

That is not all however. Celebrations will also proceed on the second, concert, front with a **special gig in Music Hall Zděřina in Police nad Metují**, which shall take place the same day as the re-edition’s release, that is, **Saturday, December 17**. Beside the honorees of **TORTHARRY**, the Spanish death metal mayhem **AVULSED** (also celebrating 25 years on the scene), the Dutch death metal squad **ABRUPT DEMISE**, the Austrian melodic death/thrash act **DARKFALL** and last, but not least, the Czech death-thrash metal company **ANTIGOD** are taking part as well. A heavy-duty line-up indeed, whereby you should not miss it!

Quarter of a century is a notable milestone for any band, so join the celebrations and wish TORTHARRY all the best!
